EDUCATION

PES Modern College of Engineering <i>Bachelor of Engineering(BE) in Artificial Intelligence and Machine Learning</i>	2022-2026 Pune, MH
Brahma Valley Junior College <i>Higher Secondary Certificate HSC (Percentage - 85)</i>	2019-2021 Nashik, MH
Horizon Academy <i>Secondary School Certificate ICSE (Percentage - 93)</i>	2019 Nashik, MH

EXPERIENCE

Analyst Intern <i>Dentsu Global Services</i>	June 2025 – July 2025 Pune, MH
- Developed an automated Excel-to-PowerPoint pipeline, reducing the time for manual data entry by 95%. - Leveraged OpenAI's GPT-4o model to intelligently map and populate presentation templates from Excel data. - Utilized openpyxl and python-pptx libraries for efficient data processing and presentation generation.	

PROJECTS

Bank Statement Analysis - Automated the cleaning and preprocessing of raw bank statement data using Python and Pandas. - Analyzed financial data to identify and report on key spending patterns and account trends. - Built interactive Power BI dashboards to visualize transactions and provide actionable financial insights. Technologies: Python, Pandas, Excel, Power BI, Jupyter Notebook
Moodify - Personalized Playlist Creator - Built a Flask back-end to generate personalized Spotify playlists based on user listening habits and real-time weather. - Integrated Spotify and FreeWeather APIs, managing authentication and data flow for dynamic playlist creation. - Ensured application reliability by performing comprehensive API endpoint testing with Postman. Technologies: Python, Flask, Spotify API, FreeWeather API, Postman
Movie Recommendation System - Developed a content-based movie recommendation engine using Python, NumPy, and Pandas for data processing. - Applied a cosine similarity algorithm to deliver accurate movie recommendations based on content features. - Oversaw the complete project lifecycle, from data cleaning to model evaluation, using Jupyter Notebook. Technologies: Python, NumPy, Pandas, Scikit-learn, Jupyter Notebook

TECHNICAL SKILLS

- **Programming Languages:** Python, Java, C/C++, SQL, JavaScript, HTML/CSS
- **Libraries & Frameworks:** Pandas, NumPy, Matplotlib, Seaborn, Scikit-learn, Flask, Streamlit
- **Databases:** MySQL, MongoDB
- **Tools & Platforms:** Power BI, Jupyter Notebook, Git, Postman, Streamlit, Excel

CERTIFICATIONS

- Google Cloud Computing Foundations
- Postman API Student Fundamentals
- The Fundamentals of Digital Marketing by Google
